

ST. ANNE'S CATHOLIC HIGH SCHOOL FOR GIRLS

GOVERNOR: KEN ANDREWS

Ken is a very enthusiastic parent and foundation governor serving two governing bodies for many years; St Anne's Catholic High School and St Mary's Primary School respectively.

Professionally Ken is a Principal Environmental Health Officer and the Chair of a very large Equality and Diversity Group within a Local Authority. He is also engaged in football coaching for boys under 15 years old and a personal manager coach.

Ken is very passionate about personal development and helping people to realize their full potential. This passion led Ken to become a school governor. He also wants to contribute to the schools that are helping in his three children's development.

As a school governor you can make valuable contributions in the way the school develop its pupils or students to realize their full potential in whatever career path they choose. You will also be ensuring that they develop good values and get the best possible education early in life. Ken believes that this is the basis for building strong and better communities.
