4. Course and Subject Type

Breakdown of Course Type and Subject Area

5. Establishment Type and Location

Type of Establishment and Educated LEA

6. FTE Destination Establishments

Establishments of those staying on in FTE

7. Ethnicity Breakdown

Etnicity Type by Destination

8. Activity Survey - Summary

Full Results Table by Ethnicity

Introduction

Each autumn local authorities are required by DFE to carry out a survey of all young people who completed compulsory education in the July of that year. The purpose of this survey, often referred to as the Destination Survey, is to find out what students engaged in after leaving Year 11. The activity survey is a snapshot of young people's destination as at November 1st 2022.

The DFE specifies what data is required and how it should be grouped in the NCCIS management information requirement document.

Where young people have moved out of the area during Year 11 their destination is recorded where possible but for statistical purposes DFE omits them from the final figures for a local authority.

The data is based on the Year 11 cohort at the end of May 2022.

Definitions

NEET: Not in employment, education or training. In calculating the percentage of young people who are NEET, DFE distinguishes between young people who are 'available to the labour market' but counts both groups in the total NEET.

Not available to the labour market: this includes young people who are seriously ill; who are supporting family members as a young carer; who are parents with child care commitments; who are pregnant; who are asylum seekers without citizenship.

FTE: full time education in a school sixth form, a sixth form college or a college of further education.

Other FTE courses: A category which covers a range of specialist courses other than A levels, NVQ but which can also be used when it is known that a young person has continued in FTE but their course details are not available.

WBL: government supported training for young people provided either through an employer or through a provider of work based learning.

Apprenticeship: Those participating in a full time recognised apprenticeship programme

Training (non-employed): training courses to equip young people with the general and specific skills required to gain employment. This may include a period of work experience with an employer.

Working not for reward:. A voluntary activity like the Princes Trust programmes which help young people develop confidence, personal qualities etc. Currently young people following such programmes are defined as NEET. If they are also studying part time they can be counted as Participating.

Employed: Young people that are employed full or part time.

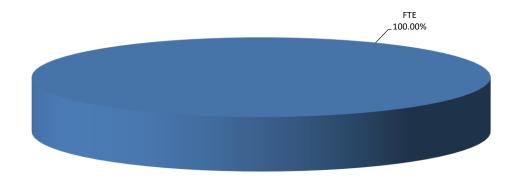

Participation: 2013 saw the introduction of legislation requiring all young people under 18 to participate in Education or Training. This has been reflected in this report. **Not Participating:** will include NEET as well as those in part time education or employment or re-engagement provision.
